Each version of Photoshop has included some enhancements and new features that can make projects faster and more user-friendly. To keep current and ensure that your options are where you need them, you can use Photoshop Elements as an excellent alternative to Photoshop. Unfortunately, Elements doesn't include some of the most popular features, such as layers, masking, and the Liquify transform, but it does come in a lower price tag. This book can help you learn even if you have no experience with any kind of imaging software. Illustrator is another popular graphics program used by many designers to create vector graphics. Its main features are line art with no limit on the number of shapes you can create, artistic effects that are very much like Photoshop's, and the ability to create complex clipping masks. In this book, I spend much of my time with Illustrator on the art that the drawings will be used for, like logos, printed text, and so on. iPhoto is the program that many Mac users use to organize their photos. It includes useful features, such as the ability to create special effects and a powerful photo organizing system. What I describe is enough to get your creative juices flowing, but if you want to learn about more advanced options, be sure to look at the book Elements for photographers for tips on using iPhoto's tools for organizing, editing, and retouching images. InDesign is a program that is used to create digital publications. In addition to graphics, text, and other page elements, it also includes a publishing program that prints, such as for brochures or business cards. This publishing section doesn't include creating advertisements or mass emails; those would be done by a graphic design agency. You can also use Illustrator and Photoshop to create graphics, but they are used for advertising and other more business-oriented needs than creating artwork for clients, so I don't devote this book to showing you how to use these programs to create advertising or marketing graphics. This book also doesn't cover video editing, which you can use on your Mac if you have an Apple TV and you have the apps in the App Store. To create a video, you'd need a DAW (digital audio workstation) program, such as a program that includes a video editing feature, such as Adobe Premiere Pro, and a multitrack sequencer, such as Ableton Live. Mac users can get on a free trial at www.ableton.com to try the program before they commit to buying

American surgeon George Sheehan bought this house in 1863. What else did he buy? The American surgeon George Sheehan moved to the Mount Vernon section of Alexandria in 1863. He bought the house at 24 Brentford Place from John W. McCrary for $3,580. In 1869, Dr. Sheehan, a junior partner in the firm of McCrary & Sheehan, removed to 441 C Street NE. At that time the house cost $3,000. In 1874, he sold his part of the firm for $30,000. A. 2043 Land Office Road NE, Lot #512. HISTORY: Lot #512 in the northeast quarter of the northeast quarter (NE¼ NE¼) of Section Four (S4), Township Thirty-four (34), Range Twenty-seven (27), Falls Church, Virginia (VI & F). Noses Heights, a part of Falls Church, has been referred to as "the Ridge" since the early 19th century. The original parcels of the town were surveyed from the northern tip of the ridge down to the Jefferson Davis Highway, the National Road. The original settlers were descended from a variety of different areas: British, Scottish, Dutch and German. The area was first farmed by a man named Gruver, who held title to most of the lots on the ridge. Gruver sold to Levi and Thomas Ward who sub-divided it. The first town plat was laid out in 1829 by T.G. Yeatman and wife, Matthew and Mary York. Six original lots remain today, and the town is still commonly referred to as Yorktown. "Noses Heights" was selected for the neighborhood name in 1838 by general surveyor Clarence C. Wilson who was responsible for surveying the area. WASHINGTON'S INN: A part of the story. Washington's Inn was a large two-story house with a green verandah and a large, well-tiled porch. In 1797, the house was the home of Robert Pattison, a member of the colonial Virginia House of Delegates. In 1848, it was purchased by Doctor George H. Dorsey who raised a daughter. It remained in the family until 1896 when it was bought by Dr. Gurney and his wife, Mary. At that time it was renamed Washington's Inn. By 1893, when the Washington's Inn was purchased by Mrs. Cope, the Washington's

Some of the New Year's Day parties we've thrown have had the theme of a New Year's Bingo party. It's a great way for you to get everything started on a positive note, and have a little bit of fun. Before you blow out the last 2008 candles, let's have a New Year's bingo party. There are a few things you can do to make this a little more exciting than a regular New Year's party. 1. Get a Sponsor. Sponsors can be your friends or family. Host your New Year's bingo party at their house, at a local club or at a restaurant. You don't need to have a host if you want your party to be casual. Off season, New Year's Day is known as the day of lazy New Year's parties. 2. Play with Candy. What better way to get the party started than with a free bowl of candy? You'll want to make sure you have plenty of candy to give away. Candy is a great party favor, and something you can exchange for other party favors as well. If you have a sponsor, you might want to make sure that he or she
